To: Estella's Pet Sitting

Subject: Re: Testimonial

My experience with Estella's Pet Sitting has been nothing but positive. I was exposed to her service when I moved to Arizona, from Pennsylvania. I was very apprehensive to leave my dog alone for long hours for fear that I would come home to a mess.

In the rental packed that I was given by my apartment manager was an advertisement for Estella's Pet Sitting, I contacted her and we worked out the particulars.

She came to the house as she said she would and always on time (stay at home mother next door told me) and always left me a note about what her "little ham" my "monster" Mateo had done that day.

Estella was very personable and kindhearted, so much so that not only my dog benefited from her, but I did as well since we have developed a friendship.

It was hard for me being here in a new city all alone, and with out any help, Estella treated me like family, and it is with the most sincere and highest regard that I recommend her services.

You may contact me if you like for further questioning.

THANK YOU ESTELLA

Mateo, Kitty, and Kristina

Thank You, seriously I am blessed to know you and your family is blessed to have you.
