Subject: Re: Testimonial

I have used Estella's Pet sitting on numerous occasion and I highly recommend them. Estella has always been reliable and everything we agreed on has been done while we were gone. From bringing in the mail to taking out the trash barrels for pick up and washing down the patio and plants. She always calls the day were due home to make sure we made it Ok and our dog Foss is doing good. Foss is a very large Male Highbred Wolf that is use to running around in the backyard acre. He would not due very well in a Kennel. Its nice that he can be cared for so well in his own environment while we are gone.

The Jarm's
